

Volunteer To SAVE THE FROGS!

Nearly one-third of the world's 8,400+ amphibian species are threatened with extinction and may not survive the 21st century.

SAVE THE FROGS! is the world's most effective amphibian conservation organization. We work in California, across the USA, and around the world to prevent the extinction of amphibians, and to create a better planet for humans and wildlife.

If you are motivated and have two hours per week to volunteer, please send your resume and a single paragraph describing your background and interests to:

volunteer@savethefrogs.com

Together we can
SAVE THE FROGS!
